

Statement of Principles
concerning

MIGRAINE

No. 56 of 2009

for the purposes of the

Veterans' Entitlements Act 1986
and
Military Rehabilitation and Compensation Act 2004

Title

1. This Instrument may be cited as Statement of Principles concerning migraine No. 56 of 2009.

Determination

2. The Repatriation Medical Authority under subsection **196B(2)** and **(8)** of the *Veterans' Entitlements Act 1986* (the VEA):
 - (a) revokes Instrument No. 74 of 1999 concerning migraine; and
 - (b) determines in its place this Statement of Principles.

Kind of injury, disease or death

3.
 - (a) This Statement of Principles is about **migraine** and **death from migraine**.
 - (b) For the purposes of this Statement of Principles, "**migraine**" means a neurovascular condition in which there are periodic attacks, lasting 2 to 72 hours, of a symptom complex typically consisting of headache that is pulsatile and aggravated by physical activity, accompanied by nausea, photophobia and phonophobia. This definition excludes cluster headache; tension-type headache; headache attributable to structural abnormalities or inflammatory disorders of the head and neck; and headache attributable to systemic disease.
 - (c) Migraine attracts ICD-10-AM code G43.
 - (d) In the application of this Statement of Principles, the definition of "**migraine**" is that given at paragraph 3(b) above.

Basis for determining the factors

4. The Repatriation Medical Authority is of the view that there is sound medical-scientific evidence that indicates that **migraine** and **death from migraine** can be related to relevant service rendered by veterans, members of Peacekeeping Forces, or members of the Forces under the VEA, or members under the *Military Rehabilitation and Compensation Act 2004* (the MRCA).

Factors that must be related to service

5. Subject to clause 7, at least one of the factors set out in clause 6 must be related to the relevant service rendered by the person.

Factors

6. The factor that must as a minimum exist before it can be said that a reasonable hypothesis has been raised connecting **migraine** or **death from migraine** with the circumstances of a person's relevant service is:
 - (a) undergoing treatment with glyceryl trinitrate or isosorbide mononitrate, at the time of the clinical worsening of migraine; or
 - (b) inability to obtain appropriate clinical management for migraine.

Factors that apply only to material contribution or aggravation

7. Paragraphs **6(a)** to **6(b)** apply only to material contribution to, or aggravation of, migraine where the person's migraine was suffered or contracted before or during (but not arising out of) the person's relevant service.

Inclusion of Statements of Principles

8. In this Statement of Principles if a relevant factor applies and that factor includes an injury or disease in respect of which there is a Statement of Principles then the factors in that last mentioned Statement of Principles apply in accordance with the terms of that Statement of Principles as in force from time to time.

Other definitions

9. For the purposes of this Statement of Principles:

"death from migraine" in relation to a person includes death from a terminal event or condition that was contributed to by the person's migraine;

"ICD-10-AM code" means a number assigned to a particular kind of injury or disease in The International Statistical Classification of Diseases and Related Health Problems, 10th Revision, Australian Modification (ICD-10-AM), Sixth Edition, effective date of 1 July 2008, copyrighted by the National Centre for Classification in Health, Sydney, NSW, and having ISBN 978 1 74210 016 6;

"relevant service" means:

- (a) operational service under the VEA;
- (b) peacekeeping service under the VEA;
- (c) hazardous service under the VEA;
- (d) warlike service under the MRCA; or
- (e) non-warlike service under the MRCA;

"terminal event" means the proximate or ultimate cause of death and includes:

- (a) pneumonia;
- (b) respiratory failure;
- (c) cardiac arrest;
- (d) circulatory failure; or
- (e) cessation of brain function.

Application

- 10.** This Instrument applies to all matters to which section 120A of the VEA or section 338 of the MRCA applies.

Date of effect

- 11.** This Instrument takes effect from 2 September 2009.

Dated this **nineteenth** day of
August 2009

The Common Seal of the)
Repatriation Medical Authority)
was affixed to this instrument)
in the presence of:)

KEN DONALD
CHAIRPERSON
