Statement of Principles
concerning
VON WILLEBRAND'S DISEASE
No. 42 of 2015

for the purposes of the
Veterans' Entitlements Act 1986
and
Military Rehabilitation and Compensation Act 2004

Title

1. This Instrument may be cited as Statement of Principles concerning von Willebrand's disease No. 42 of 2015.

Determination

2. The Repatriation Medical Authority under subsection **196B(3)** and **(8)** of the *Veterans' Entitlements Act 1986* (the VEA):
 - (a) revokes Instrument No. 58 of 2007 concerning von Willebrand's disease; and
 - (b) determines in its place this Statement of Principles.

Kind of injury, disease or death

3.
 - (a) This Statement of Principles is about **von Willebrand's disease** and **death from von Willebrand's disease**.
 - (b) For the purposes of this Statement of Principles, "**von Willebrand's disease**" means a genetic disorder of platelet function characterised by a deficiency or abnormality of the von Willebrand factor, resulting in an increased risk of bleeding.
 - (c) Von Willebrand's disease attracts ICD-10-AM code D68.0.
 - (d) In the application of this Statement of Principles, the definition of "**von Willebrand's disease**" is that given at paragraph 3(b) above.

Basis for determining the factors

4. On the sound medical-scientific evidence available, the Repatriation Medical Authority is of the view that it is more probable than not that **von Willebrand's disease** and **death from von Willebrand's disease** can be related to relevant service rendered by veterans or members of the Forces under the VEA, or members under the *Military Rehabilitation and Compensation Act 2004* (the MRCA).

Factors that must be related to service

5. Subject to clause 7, at least one of the factors set out in clause 6 must be related to the relevant service rendered by the person.

Factors

6. The factor that must exist before it can be said that, on the balance of probabilities, **von Willebrand's disease** or **death from von Willebrand's disease** is connected with the circumstances of a person's relevant service is:
 - (a) being pregnant within the six weeks before the clinical worsening of von Willebrand's disease; or
 - (b) inability to obtain appropriate clinical management for von Willebrand's disease.

Factors that apply only to material contribution or aggravation

7. Paragraphs **6(a)** and **6(b)** apply only to material contribution to, or aggravation of, von Willebrand's disease where the person's von Willebrand's disease was suffered or contracted before or during (but not arising out of) the person's relevant service.

Inclusion of Statements of Principles

8. In this Statement of Principles if a relevant factor applies and that factor includes an injury or disease in respect of which there is a Statement of Principles then the factors in that last mentioned Statement of Principles apply in accordance with the terms of that Statement of Principles as in force from time to time.

Other definitions
